EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 38-40 have been cancelled.

2. The following is an examiner's statement of reasons for allowance:

Applicant has filed the Terminal Disclaimer, cancelled claims 8, 42 and amended claims 1-7, 9-37, 41, 43-46. New claims 47-58 were also added. Upon further consideration, prior art of record (closest reference, H'mimy et al. – US 6,442,151) fails fairly teach method and apparatus for processing signal including selecting a group of frequency subchannels based the determined characteristics and selecting a common modulation and coding scheme for the group of frequency subchannel, as similarly claimed in all independent claims 1, 21, 28, 41, 47, 50, 53, 56. Thus, claims 1-7, 9-37, 41, 43-58 are found to be novel and unobvious over prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dac V. Ha whose telephone number is 571-272-3040. The examiner can normally be reached on 5/4.
